

The Omni is based on a proven product designed to protect your valuables and documents from theft and fire in the home

Omni

BURGLARY PROTECTION

Key Features

- High quality construction filled with Chubbsafes proven barrier material provides effective protection.
- A glass relocking device is incorporated into the boltwork system to provide additional resistance should the locks be dislodged during an attack.
- Supplied standard with a digital lock, however key lock or combination are available as an option. The lock is protected by a manganese anti drill plate.
- 45 minute fire protection for paper documents.
- The front edge of the door is anchored by front moving bolts and fixed docking bolts on the backedge of the door. Each bolt measures 25mm in diameter.
- The safe comes complete with a standard internal steel shelf with adjustable in intervals to suit individual customer requirements, A single lockable drawer is also included.

Chubbsafes
Trusted the world over.
